

# CRYPTOTYCOON

We offer two types of rewards for CryptoTycoon Crowdsale participants:

- Smart Rewards
- Milestone Rewards

## Smart Rewards

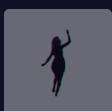

Smart Reward apply to all Crowdsale participants. This reward is based on the amount of ETH funded (amount of CTY received). Once you take part in CryptoTycoon Crowdsale, you immediately become eligible to be awarded in-game currency and in-game content via Smart Reward.

The actual amount of in-game currency and the type of in-game content that you are going to receive is calculated upon the Crowdsale completion. Your Smart Reward is determined based on these parameters:

- Amount of ETH funded (amount of CTY received)
- Date you joined the Crowdsale
- How many funders gave more than you
- How many funders gave less than you

In short, the more you fund and the earlier you join, the better Smart Reward will be applied. On the contrary, the later you join and the less you fund, the less exciting Smart Reward you will be given.

This system is in place to ensure our funders are rewarded fairly for the amount they contribute and the commitment they provide.

## Milestone Rewards

Milestone Reward is given to any CryptoTycoon Crowdsale participant. In order to be eligible to receive a Milestone Reward, you just have to fund a specific amount of ETH or above.

The funded amount is rounded down to the closest Milestone Reward. For e.g. if you funded 0.3 ETH, you will receive the Milestone Reward for 0.2 ETH. If you funded 0.9 ETH, you will receive the Milestone Reward for 0.5 ETH. Keep track of this list, as we will surely add more Milestone Rewards higher up and in-between.

### 0.2 ETH

Free Steam Key\* and unlock all Tycoons.

### 0.5 ETH

3 free Steam Keys\*, unlocked Tycoons.

### 1 ETH

8 free Steam Keys\*, unlocked Tycoons.

### 10 ETH

Your unique in-game color.
